## The Energize Credit Union Debit Card is an ATM card that works like a Check.

### Save time and trouble!

The Energize Card eliminates the need to fill out a check, present ID, and wait while a clerk copies the necessary information. Using Visa Debit Card helps move you through the checkout line, and saves your valuable time.

### Leave checks/cash at home!

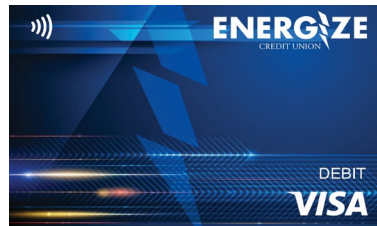

Whether you're shopping, traveling or making everyday purchases, carrying large amounts of cash can be inconvenient and risky. The Energize Card allows you to pay as you go - eliminating the need to use the cash in your wallet or carry a cumbersome checkbook.

### Easy record keeping!

Simply present your Energize Card to pay for your purchase and the amount is then deducted from your Energize account. The transaction is fully described on your regular account statement. Because it's not credit, you won't receive a monthly bill.

### Use as an ATM!

The Energize Card is also your ATM card. Use it 24-hours a day, seven days a week to make cash withdrawals, deposits, and transfers between accounts at thousands of TransFund and Cirrus locations worldwide.

In the event of repeated overdrafts, the Credit Union may terminate all services under this Agreement. You may use your Card and PIN (Personal Identification Number) in automated teller machines of the Credit Union, VISA, Pulse, PLUS, and Transfund networks, and such other machines or facilities as the Credit Union may designate.
