Sometimes financial terminology can be confusing. Below we breakdown greater return opportunities available through CD rate match.

What documentation do I need to get the rate match?

You will need to show that you have an account with the competitor, and you will need to show documentation from the competitor for the rate you would like to match.

Getting to Know...

Emma Krueger

What do you do for Energize?

I am the Lending Specialist. My main role is helping with loans, but we are a great team here at Energize so I get to do a little bit of everything which I love because it makes every day different and exciting.

Who makes up your family and where do you live or grow up?

I have been married to my husband Aaron for 18 years and we have 3 amazing kids, Kennedy (13), Hadley (11) and Bennett (8).

What would we most likely find you doing on the weekend?

Running my kids to all of their various activities, reading, going to church or working on one of the various projects around our house that I have convinced my husband we need to do..

Who has influenced you most when it comes to how you approach your work?

My mom! She was a single mom, raising 3 daughters and she worked so hard to provide for all of us growing up. She is driven, smart and is still a hard worker but now she spends her time on the pickle ball court instead of in the office.

Are you an early bird or a night owl?

Early bird! I get up every day around 5:15 to squeeze a workout and my quiet time before my kids wake up. I love to get up early, but you will also find me in bed most nights by 9:00!

Which season is your favorite?

I love something about all the seasons but the one I look forward to the most is fall. The colors, the clothing and OSU football (Go Pokes)!

What's your most hated household chore?

Putting the laundry away. I don't mind washing, drying, or folding the laundry but I despise having to put it away!

If you could only have three apps on your smartphone, which would you pick?

Libby, I love to read so I am always lining up my next book. Spotify, I love music and you can find me most Friday nights cooking and dancing in my kitchen with my family. Pinterest, I love to paint, cook and be creative so this app gives me lots of inspiration.

What three words would your friends use to describe you?

Organized, thoughtful and creative.
