Are Your Beneficiaries Up to Date?

A beneficiary is the individual, organization, or trust designated to receive the funds available in your accounts after your passing. It is important to regularly review and update your beneficiaries to ensure that your funds are directed to the intended recipients.

Life events such as marriage, divorce, the birth of a child, or the loss of a family member may necessitate updates to your beneficiary designations, ensuring that your money goes to the appropriate recipients.

If you've been with us for a while, take a moment to ensure your account card is up to date!

Your peace of mind is our priority.

Contact us at 405-478-0046 or admin@energize.coop to review your account card!

We're Increasing Online Banking Security

- In today's digital age, the convenience of managing our finances online is undeniable. With this convenience comes the responsibility of safeguarding our financial information from potential threats. Having a unique log in name and complex password to access your accounts is more important than ever.
- Because of this and the utmost importance Energize Credit Union places on the security of our members' information, effective January 2, 2024, at 9 am, we will be adding an extra layer of protection by strengthening our online banking/mobile app login name and password requirements to better protect members like you.
- After that date when you attempt to log in using your existing log in name and password you will be prompted to change your log in name and password to be more complex. If you would like to go ahead and update your log in and password, you can do so by clicking preferences change login name and/or change password in either online banking or the mobile app.
- **Log in name criteria:** The login name you create may be up to 15 characters in length. The login name may not be the same as your member number or social security number.
- **Complex password criteria:** Passwords must contain characters from at least three of the following four classes:
 - Upper case letters, Lower case letters, Numbers, Non-alphanumeric "special characters" such as punctuation symbols.
 - Passwords may not contain any part of the Log in Name.
